Roots of Empathy

The staff at Niverville Elementary School works hard to teach the “whole child”. This includes the academic, physical, emotional, and social aspects of every student under our care.

We have been trained and use a number of programs and techniques in each of the aspects mentioned above. We are excited to include a program called “Roots of Empathy” in the upcoming year. For more than ten years across Canada and internationally, thousands of children have learned about empathy and respect for one another with the lessons started through their Roots of Empathy baby. A mother and her baby are invited into the classroom and help create a world of understanding and empathy.

The sessions are led by trained school staff.

NES ART AUCTION

Hot lunch

There is one remaining hot lunch date to cap off the year. June 13, Subway!

Hot lunch is open to students in grades 1-4. Supporting this program means your child gets to enjoy a hot lunch about every two weeks. This is also the biggest fundraiser for NES PAC.

Please remember, we are unable to refund hot lunch money. Should your child be absent on a hot lunch day and you still want to get the lunch, please call the school before 11:00am to arrange for pickup.

Fundraising recap

Once again we had another very successful year in fundraising. Last year we raised approximately \$17,800 and this year we reached just over \$18,800! We are extremely proud of this and have all of those that participated in our fundraisers to thank! This year we targeted our funds to two large projects; the climbing wall in the gym and the new natural playground which students will soon be able to enjoy. We will be working with NES staff to identify our next priorities.

Have a great summer

NES PAC would like to wish all staff and students a safe and fun summer vacation.

We would also like to extend a very special good-bye to those retiring, Sue Church, Shari Davey, and Mary Klassen. We wish you health and happiness in this new chapter of your life.
